Storia

Una storia che profuma d'Oriente.
Un viaggio iniziato nel lontano
1910, che ci accompagna fino
a oggi, con grande passione e
determinazione.

IT L'avventura commerciale della famiglia Giacomini inizia con la costituzione di una società a carattere artigianale dedita all'import di spezie dall'India, a cui ben presto, nel 1912, si affianca il commercio dei filati in cocco. L'impulso imprenditoriale e la propensione all'innovazione fanno sì che venga avviata l'azienda di tessitura con sede a Tezze di Vazzola, dove in pochi anni, a cavallo tra le due guerre mondiali, vengono impiegati 120 operai nella produzione di zerbini in cocco. I costanti investimenti tecnologici, l'impegno nella ricerca, così come l'accuratezza nella scelta delle materie prime e del design, permettono una crescita continua, portando l'azienda alla fusione con la ditta Gambarova e all'apertura verso nuovi mercati internazionali, con una gamma di prodotti ampliata e rinnovata.
